

Please do not weaken the Wisconsin No-call Law. This law has proven effective in reducing the number of unwanted solicitation calls to our home. Personally I wish it could be strengthened and those who violate it punished more severely. Prior to this law we would commonly receive 5-10 calls from the hours of 5 pm to 9 pm. Those calls interrupted family time and were quite annoying. Now we may receive 1-2 calls a week. My family and I urge you to leave the Wisconsin No-call law as it is. Thank you.
